... Rating four stars because we like it but there are  
little things that aren't great. Pros: -cheap with tons of  
features. -kids love that it plays video for them in the  
back seat (we have a seperate monitor in the back, not  
included). we got it because our other dvd unit died,  
and this has played everything that we have thrown at  
it. -easy install by myself with a harness. BV9986BI |
