Manuals | Champion Industries I just purchased a Champion Shoe Machine. I would
like to find a manual or pictures of set up as it is in pieces. It is belt driven with a
lineshaft below a 12 foot long bench, with four foot operated clutch pullys, It is set
up like a lathe, with grinders polishers, buffers, etc.I would estimate it to be built
in the early 1900's. Champion Shoe Machine - Practical Machinist To download a
copy of a product's manual please enter the exact model number for your
Champion Power Equipment product. Your product's model number: Need Help?
